Parents' Guide to COVID-19 Reporting in PowerSchool

Open a web browser and navigate to powerschool.jerichoschools.org/public and login using your Parent Portal username and password.

Upon logging in, you will be taken to the student page for the first student listed in your Parent Portal. In my case, it's Joshua.

Click the “submit student assessment” blue button at the end of the tan banner at the top of the page.

There will be some information to read at the top of the form followed by four questions.
Scroll down to make sure you've responded to all the questions, then click the submit button.

You will receive a message thanking you for your submission.

Now you will see a green banner at the top of the student profile page that indicates you have completed the COVID-19 check-in. To complete COVID-19 check-ins for additional users, please click another tab at the top of the page.
